*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

The History Press Ltd. Paperback. Book Condition: new. BRAND NEW, Worthing at War: The Diary of C. F. Harris, Paul Holden, Mr Harris hoped the giant tome, split into two volumes, would assist future historians attempting to probe through the mists of oblivion. He wrote, 'It was written at the time and so supplied an exact and vivid record of wartime life, a true and intimate example, in the colour of the moment, of what ordinary citizens felt, thought and said.' The diary is remarkable chiefly on account of Mr Harris's literate and informed manner. As well as describing events in wartime Worthing, it provides what is almost certainly an accurate commentary on civilian morale as news of the progress of the war reaches a seaside town. The diarist is a 'character' and his personality inflects his account, but he is above all knowledgeable and articulate and his daily entries are a pleasure and an education to read. 'May 28, 1940. The Anglo-French army is retreating to the coast. It is fighting with extreme gallantry but the impression remains that its situation is almost desperate. England's turn is expected to come next by means of parachutists and bombing aircraft, then perhaps invasion. Last evening we watched Corporation employees erecting the barricades across Montague Place and South Street and other thoroughfares giving access to the sea. These consisted of bathing machines placed side by side and partially filled with shingle.'
