This item is printed on demand - Print on Demand Titel. - Seminar paper from the year 2013 in the subject Law - Civil / Private / Trade / Anti Trust Law / Business Law, grade: 1,1, Berlin School of Economics and Law, course: Internationalisierung von Wirtschaftsprozessen, language: English, abstract: Major cell phone manufacturers Apple and Samsung are currently accusing one another of infringing patents relating to their smartphones. The lawsuits simultaneously being carried out in several countries across the world are a burden to both companies. Due to the fact that the two stand in a crucial business relationship with each other, an alternative dispute resolution model may be appropriate. Methods such as mediation, arbitration and expert determination may be suitable. Patents are part of intellectual property protection and have grown in importance over the last decades. They protect an invention and can only be granted if certain criteria are met. However, patent holders litigate patent infringements in order to protect their competitive position. Alternative Dispute Resolution offers advantages such as a single procedure, autonomy of the parties, neutrality, finality of awards, confidentiality as well as enforceability, and...
