Brand New Book ***** Print on Demand *****.Excerpt from Civics for Coming Americans This book is issued in connection with the other material prepared by the author for use in teaching English to foreigners. This includes a teacher s manual and a preparatory course, comprising three sets of ten lessons each, dealing with the everyday interests of domestic, industrial, and commercial life, teaching charts for the domestic series and conversation cards for the industrial and commercial ones, and suggestions to teachers. There is also an intermediate course, consisting of three readers, and an advanced course, which through readings in history, government, and geography, with explanatory grammar lessons, aims to give the pupil a good working knowledge of the English language. Useful supplementary material is found in the author s Immigrant Races in North America, a study of the home environment and historic background of the principal nations from which our immigrants are coming, and Songs for Coming Americans, intended for use in classes of foreign-speaking men, and selected with the idea of enlarging the user s vocabulary, as well as of breaking up the routine of the class hour.
