## En El Acuario (at the Aquarium) (Spanish Version) (Level 5): Volumen (Volume) (Paperback)

By Dianne Irving

Shell Education Pub, United States, 2015. Paperback. Book Condition: New. 222 x 178 mm. Language: English, Spanish . Brand New Book. Learn all about calculating volume at the aquarium and measuring weight and length in this Spanish-translated nonfiction book! Aquarium designers need to understand volume in order to make the best tanks for marine animals. Volume helps them determine how much water to put in a tank and how much food to feed the animals. Readers will learn about this and more, all while practicing volume calculation and mathematical formulas in a practical and fun way! With the help of easy-to-read informational text, clear mathematical charts, text features such as a glossary and index, and an engaging story, readers will build confidence in their cubic measurement and STEM skills.
