From comes the elementary version of our bestselling book, The Art Student's Workbook. This elementary version was created by a 20+ year certified veteran teacher and curriculum writer for classes in drawing, painting and sculpture designed for grades three through eight. The lessons are broad and easily adjusted to accommodate different grade levels, special needs students, and material appropriate for many environments from the school classroom, or home based instruction, to a fine arts camp program. It includes nearly three years worth of lesson ideas in painting, drawing, sculpture, and clay, project samples, vocabulary, worksheets, sample tests, research paper samples, grading rubrics, sketch and note taking pages, and short creative five minute writing assignments, critiquing pages, and daily closure statements to meet district observational requirements. Anecdotal evidence from the author's guidance department indicates that students who take this course with this workbook are 50 less likely to fail standardized testing. These are real numbers that can grab the attention of your administration and Board of Education if you have the same results. These lessons combine information from core curriculum and merge it with fine art. Art is the...
