Beyond Good and Evil is a comprehensive overview of Nietzsche's mature philosophy. The book consists of 296 aphorisms, ranging in length from a few sentences to a few pages. These aphorisms are grouped thematically into nine different chapters and are bookended by a preface and a poem. While each aphorism can stand on its own, there is also something of a linear progression between aphorisms within chapters and from one chapter to another. Nonetheless, each aphorism presents a distinctive point of view, and even the individual chapter summaries omit a great deal. The preface accuses philosophers of dogmatism, and the first chapter explores this claim. Every great philosophy, Nietzsche asserts, is little more than the personal confession. Philosophers build up complex systems of thought to justify their own assumptions and prejudices. If we can dig these out, we can see what these philosophers value most deeply, and so gain insight into their character. Nietzsche contrasts their dogmatism with the free spirit that is not caught up in a particular point of view. He hopes the philosophers of the future will be characterized by such an experimental method, willing to try out any hypothesis, and follow any argument all the way to its conclusion. After a discussion of the religious spirit, which he claims is a kind of dogmatism, Nietzsche embarks on a series of epigrams, most of which highlight our bizarre psychological make-up. Next, he looks at the long history of moral systems as a set of different attempts at self-overcoming. He speaks out strongly against the morality of the herd that encourages a dull mediocrity in all. He finds such a mediocrity in modern scholarship,...
