Regnery Publishing Inc. Paperback. Book Condition: new. BRAND NEW, The Politically Incorrect Guide to Capitalism, Robert P. Murphy, Most commonly accepted economic "facts" are wrong Here's the unvarnished, politically incorrect truth. The liberal media and propagandists masquerading as educators have filled the world--and deformed public policy--with politically correct errors about capitalism and economics in general. In The Politically Incorrect Guide(tm) to Capitalism, myth-busting professor Robert P. Murphy, a scholar and frequent speaker at the Ludwig von Mises Institute, cuts through all their nonsense, shattering liberal myths and fashionable socialist cliches to set the record straight. Murphy starts with a basic explanation of what capitalism really is, and then dives fearlessly into hot topics like: \* Outsourcing (why it's good for Americans) and zoning restrictions (why they're not) \* Why central planning has never worked and never will \* How prices operate in a free market (and why socialist schemes like rent control always backfire) \* How labor unions actually hurt workers more than they help them \* Why increasing the minimum wage is always a bad idea \* Why the free market is the best guard against racism \* How capitalism will save the environment--and why Communist countries were the most polluted on earth \* Raising taxes: why it is never "responsible" \* Why no genuine advocate for the downtrodden could endorse the dehumanizing Welfare State \* The single biggest myth underlying the public's support for government regulation of business \* Antitrust suits: usually filed by firms that lose in free competition \* How tariffs and other restrictions "protect" privileged workers but make other Americans poorer \* The IMF and World Bank: why they don't help poor countries \* Plus: Are you a capitalist pig? Take the quiz and find out! Breezy, witty, but always clear, precise, and elegantly reasoned,...
