AUTHORHOUSE, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Viglet III, Time, Infinity Eternity - explores these concepts from many perspectives. It dares address the question - is there such a thing as time or is time simply a jumble of numbers needed to pass Physics 101? If time is not puzzling enough then consider infinity and eternity. How pervasive is time - if it exists? Do other living things like ameba, puddy cats and petunias have a concept of time? Would humans have a sense of time if we didn t whip around the sun at fairly regular intervals? Since these are tough topics the only way to share our thoughts is through Viglets.
