Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

PRO CSS TECHNIQUES

Apress. Paperback. Book Condition: New. Paperback. 408 pages. Dimensions: 9.2in. x 7.0in. x 0.9in.Pro CSS Techniques is the ultimate CSS book for the modern web developer. If youve already got web design and development basics under your belt, but want to take your knowledge to the next level and unleash the full power of CSS in your web sites, then this is the book for you. It is a collection of proven CSS techniques that you can use daily to get the most out of the time you spend on your projects, from start to finish. Every topic is presented in an informative tutorial style, with each point backed up by several real-world examples and case studies. The authors cover all the essential areas of CSS development, like browser support (including IE7), hacks and filters, code management, advanced layouts and styling, typography, and much more. CSS levels 1, 2, and 3 are given a full treatment. The book also includes several reference sections that allow you to look up details quickly and easily. The book aims to help you in four areas: maintainability, compatibility, reusability, and practicality. Youll be able to keep your code organized and easy to maintain, avoiding browser issues before they crop up (or hacking around them when absolutely necessary). Youll learn to get the most out of your styles with inheritance, and by using techniques you can build on. And youll learn to use what works in the real world, without getting too caught up in ideals, because you can always optimize later. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
