Holy American Empire continues the saga begun in Death of the Republic. In the confused aftermath of the 2020 US election, paranoia and fear rule the day. Private paramilitary gangs roam the streets. The media are muzzled. The Internet shutdown. Talk of war, terrorism and detention abound. The Plan, as set down by the late, great Colonel Sherman Gale is slowly becoming reality. From the grave he directs the single boldest transformation the United States has seen since 1776. A bloody transformation that betrays its broad-based, Christian-inspired support revealing roots deeply imbedded in totalitarianism. When Gales candidate, Ralph Osborn, becomes President by legitimate, if underhanded, means, most of those opposed give up the fight. But not former FBI agent Derrik Chu. He has sworn to fight to the death. Working independently with his partner and girlfriend, Audrey Kunitz, Chu does everything at his disposal - and more - to change the course of history. But can he do enough? This item ships from La Vergne, TN. Paperback.
