This story is about a young Black female executive who with a lot of drive and attitude perseveres to succeed in the corporate world. Three main things are causing Nadja to worry - getting old, not having a significant other in her life, and the constant ticking of her biological clock. As we take a hip walk with Nadja we see how she handles the cutthroat aspects of corporate life as well as the triumphs that come her way. We also get to see the personal side of Nadja as she meets and marries the man of her dreams. Come along on their honeymoon as they travel to the Motherland for an African adventure. At the peak of her career Nadja becomes pregnant with triplets, and with the help of her loving family she continues to excel in her chosen field. The way Nadja handles her business encourages others to move over for this sistah.
